Discover the impressions and the most beautiful illustrations of a Japanese painter who has been traveling in Europe for over 15 years.

Every summer, Japanese painter Kazuya trades the heat of New York City for the lush fields and towns of Europe. He travels according to his whims. His goal: to record his impressions in a small travel diary and produce perfectly executed drawings. He always does all his artwork on-site, turning out sumptuous watercolours where joy, celebration, and quiet... it's all there!

Each work of art represents for him diverse memories, chance encounters. Discover Europe through the eyes of a Japanese painter.

A trilingual book in French, English, and Japanese.
