Fear not others, nor strangers: Agnès Laroche delivers a simple and beautiful tale.

Once upon a time there was a village where scary cries could be heard from the forest at night. Rumors said it was the "Fury". Some claimed this Fury was going to kidnap their children, others that it would bring disease and eat their bread; some even wanted to build a wall around the village. Until one day a young girl decided to search for the Fury and discovered, hidden in the woods, two women and a baby crying for food.
