A visual and literary journey into the soul and aesthetics of the Japanese.

To contemplate, to wander, to draw, to appear, to haunt... In 5 chapters and over 180 images, this book sketches a delicate geography of Japan, discussing the impermanence of things (*wabi-sabi*), the world's hidden beauty (*yûgen*), and even the memory of ancient folktales. These themes central to Japanese aesthetics are explored through the works works by iconic masters as well as contemporary artists.
