A colorful trip up the Amazon River.

Patrick Deville and his son hit the road, or rather, the river, offering up a sumptuous literary carnival. The idea is to travel up the Amazon and cross the South American subcontinent. The trip is also a chance to experience first hand the climate change accelerated Bolsonaro's rise to power.

Amazonia is the seventh work in the author's vast literary project entitled "*Abracadabra*": a world tour in twelve books that began in 2004 with the publication of *Pura Vida*, followed by *Equatoria* (2009), *Kampuchéa* (2011), *Peste & Choléra* (2012), *Viva* (2014), and *Taba-Taba* (2017). This fall, Fenua will be the destination of his next work.
