A book full of originality and charm!

In this stunning board book, young readers are taken on a tour of the shops in town, with a smug Siamese cat as their guide. From the baker's to the butcher's to the fishmonger's, toddlers will love exploring the countless details of the book's intricate illustrations. There's also a sub-plot under the flaps... The cat doesn't know it, but an array of little animals have assembled to point her in a very particular direction – to the vet's, to get vaccinated! *A Stroll through Town* invites children to be a part of the story. Each time they lift a flap, they help advance the plot – even if it does leave their snide yet entertaining feline guide a bit miffed.
