Requiem for a Republic

Author: Thomas Cantaloube

Category : Literature and Fiction

Genres : Detective story/Thriller

Keywords : Decolonization

A very promising and solidly researched first novel that incisively revisits a powerful episode of the end of the French colonial empire and its painful heritage.

Autumn 1959. The elimination of an Algerian attorney with ties to the FLN turns into a bloodbath. His entire family is decimated. Antoine Carrega (former Corsican resistance fighter with connections to organized crime), Sirius Volkstrom (former Nazi collaborator who carried out Prefect Maurice Papon's dirty work), and Luc Blanchard (a young, naïve cop) are all searching for the assassin. This manhunt, whose stakes far exceed their comprehension, will lead these three men with radically opposed convictions and interests to cross paths and join forces despite themselves.
