This is the story of Calum, an anteater who doesn't like to eat ants...

Calum the anteater's family is a family of high-achievers: the aunt is a great painter, the father is a great archaeologist, the uncle a great conductor, the cousin a great astronaut and so on. Calum feels stupid, he has no talent whatsoever. But there is one thing that makes him different from the rest of his family: he refuses to eat ants. In fact, worse still, he makes friends with ants. There's never been anything quite like it, in all the history of anteaters...
