Keywords : Novel - Coming-of-age novel

---

A novel about the injustices and brutality of the society we live in.

Karel grows up, with his sister and disabled brother, in the poor neighborhood of Marseille. Together, they share a childhood struggle for survival, through abuse, drug addiction, poverty and institutional indifference. Karel tries to imagine the life he might have led, born under a better star, to less marginal and abusive parents. He wonders if he's been somehow contaminated by violence and if it will lead him to damage others in turn? *Some Men...* is an ambitious, urgent novel, a story of society and our hard, mad, barbaric world. A novel that looks evil in the eye and tells of a devastated childhood, injustice, drugs and violence.
