Talie's life can be summed up in three words: digging, eating, sleeping.

Until the day the little mole discovers a tiny baby in one of her galleries that she immediately adopts with great joy. But this child looks nothing like her neighbors' children...

This moving and hilarious series is about finding out who we are. John is a determined and smart little humanoid who lives underground. But figuring out where you belong in such a crowded world isn't easy! This is also a fascinating nature book about the secret life of gardens and the animals living in them.
