A story of friendship, pleasure, desire, anger transformed into strength and re-appropriation of one's body.

A few days before the end of the summer break, 16-year old Aurore has a bike accident. Nothing serious on the surface. But when she banged her head, she lost her sense of smell and taste. How can you begin to explore your sexuality when you cannot smell anything, not even yourself? Aurore feels vulnerable and angry. Until she starts boxing. Hitting, sweating – that she can do. From one training session to the next, she discovers her body, powerful and alive. She also meets Valentin, a boy with whom to pursue this free and passionate exploration.
