Keywords : Sustainable city - Banana - Self-love -
Armed conflict - Epic

This novel addresses the highly political issues of chlordecone pesticide poisoning and overdevelopment in overseas territories.

Edgar, Gaston, and their friends are determined to fight against the chlordecone pesticide scandal and the overdevelopment of commercial zones as everything in Guadeloupe's capital Basse-Terre gets paved over with concrete.

Bu how will they do so? With what?

With imagination... and bananas! Lots and lots of bananas!
