Oil Landscapes

How to Choose Colors

Author: Lorenzo Rappelli

Publisher : Ulisse

Category : Practical Books

Genres : Fashion/Arts and Crafts

Keywords : Color - Hope - Uprooting

Paint impressive and aesthetically pleasing landscapes in oils with this practical guide to using colors.

Many challenges await landscape painters: finding the right subject and setting, composition, perspective. The right color palette is also of utmost importance.

This book includes:

- a guide to color theory: how to perceive the colors in a landscape and achieve variety, unity, depth, volume, and contrast.

- a selection of the author's paintings to demonstrate concepts and techniques described, including examples of the sky, trees and vegetation, paths, water, rocks, snow, and more.

With this book, amateur oil painters will gain confidence in their color choices and painting landscapes.
