Be your own Robinson Crusoe. Live at nature's pace.

Live off the grid with nature: sleep in the woods or by the shore, make a solar oven to cook without pollution, build a shack, smoke a fish to make it tastier, build a mushroom dehydrator to keep them fresh longer... Learn to recognize stars, bird calls, wild plants. Create infusions, dry herbs and flowers to use them during winter, cook plants. Discover the marine environment, go fishing or try harvesting shellfish at the shore... nature calls. An open window on the world and its wonders.
