Listen to the jungle's song. Who knows if a lost city, Mowgli, or Tarzan await us beyond the mangroves and wildflowers ?

In this poetic voyage, the jungle—whether African, Asian, or American—is a wonderful emerald sea. Its wild, fragrant, or carnivorous flowers are a delight for the eyes and its fauna fills our imagination with encounters: tigers, snakes, rhinos, and brilliantly colored birds. And... who knows? Maybe, in a lost city or a mangrove forest, we'll even spot Tarzan or little Mowgli reminding us to protect and preserve their homes.
