A twelve-foot accordion book for a magical tour of a house and its surroundings.

In this beautiful accordion book, a child narrator takes readers by the hand and into their world. Explore the long trail by the riverside, see the old woman on her park bench, the horses in the meadow and, at long last, return home. The flip side of the book depicts the house with the same poetic simplicity as the front side did its surroundings. This delightful fresco bursting with life offers complete immersion in a sweet imaginary world. Once you open this book, you'll never want to shut it again.
