Minority rights - Activism - Elderly - Undocumented -  
Story - LGBTQIA+

---

Porn is political but also poetic. Memoir, morality, minority rights: *I Love Porn* is a positive book about today's sexualities.

In this book, AIDS and LGBTQIA+ activist Didier Lestrade focuses on a personal passion as vital to him as those, such as music or nature, that have informed his professional career. In porn (mostly gay, but not only), he locates an antiestablishment dimension and human generosity. From specialized, expensive, and rare theaters to immediately accessible and often free websites, pornography has continued to proliferate in our daily lives. Didier Lestrade traces its history since the 1970s. *I Love Porn* is both an autobiography of desire and pleasure and a collective testimony to our relationship with the representation of sexuality.
