A light tone for a dark, urgent topic: learn find your way in the jungle of (mis)information and recognize fake news and conspiracy theories.

We've never had as many sources of information as we do today: the internet and social media, but also radio, TV, and newspapers. As a result, many of us feel out of control. We even hear the word "infodemic" tossed around as a disease. And we've lost all sense of direction when it comes to the news. Is it true? Fake? An opinion? A fact? Feeling confused? No worries! The answer is at hand.

With specific examples and practical cases, this book gives readers landmarks, good reflexes, and critical methods and tools for finding their through the jungle of (mis)information.
