Isabelle Filliozat's philosophy and expertise in children's book form. A tool to defuse conflicts without anyone getting hurt.

This series, featuring a two-child family and their everyday adventures, helps children understand situations they might face, the emotions that follow (tantrums, fears, self-confidence, place within the family), and what's happening inside them. Three stories round out an overview of each theme. At the end of each story is a simple psychological explanation interpreting the situation. This volume's three stories focus on: the importance of words in letting go of anger, learning to express your feelings, and considering other people's needs.

Rights Sold: First six books of the series sold in Chilean, Greek, Taiwanese, Turkish
