

JULIE DELFOUR

Le Troisième Animal

Naissance de la Bête noire

De Natura Rerum
klincksieck

The Third Animal

Birth of the Wild Beast

Author: Julie Delfour (Text/illustrations)

Publisher : Klincksieck

Category : Practical Books

Genres : Nature/Animals

Keywords : Wildlife - Essay - Fauna - Identity - Science

This masterful essay by geographer Julie Delfour, first published in 2021 in the De natura rerum imprint, focuses on the fascinating, terrifying notion of the savage beast.

Partly poetry, part critique, basing its demonstrations on illustrations, Delfour's book encourages readers to reflect on the relationships between humans and wild animals throughout history. By analyzing symbols and popular representations of wild animals, as well as scientific research on certain species, Delfour traces the elusive nature of the "*bête noire*." In fact, the verdict has been delivered: thrillers alone seem to have gotten this particular bugbear right.
