Genres : Picture Books

Keywords : Language - Perception - Androids - Desire for children

"Who said there could only be one animal at a time?"

Once upon a time there was a duck... or was it a rabbit? Depending on which perspective you choose, the image changes and so does the story. After all, a rabbit can't fly, while a duck would find it hard to hide in the ground. It's up to the hunter to adapt to this uncertainty--and with him, the reader as well!
