"This trilogy is a chance for Mama Éditions to launch its fiction line and invent a new genre, the coming-of-age romance: an authentic spiritual experience."

"Tsenek looked at me, dumbfounded. Lightning had grazed me, and he knew it. The storm had passed, ut the wind still blew over the steppe lit by the returning sun. Lightning had struck. And Tsenek knew what that mean. Naming. Healing. Power, too. And often, burden." The first volume of the *Shaman* trilogy, *The Quest* is the tale of a young Frenchman who goes to study shamanism in Mongolia. An adventure of love and the spirit strewn with trials and tribulations, astride two worlds – that the flame be rekindled and the fire shared.
