The bible of indie music! These musicians aren't widely known to audiences, but their works changed the course of musical history.

Among artists whose renown is unequal to their influence, (re)discover the sensitive, manic-depressive genius Daniel Johnston, the queen of Peruvian exotica Yma Sumac, the unlikely blind homeless man Moondog, the classy psychobilly progenitors The Cramps, the legendary Patti Smith, and many more! A genuine illustrated bible of the underground musical scene, this anthology of 50 biographical tales invites readers to discover neglected maestros, makers of underappreciated masterpieces. Meant for scholars and the merely curious alike, *Underground* opens the doors to amazing personal and sonic worlds with countless anecdotes and sheer storytelling verve.
