Genres : Psychology/Psychoanalysis - Essay

Keywords : Psychology - Gifted - Personal development -
Dracula - Cetaceans

Love lives are tricky enough for most people, much less for sensitive, gifted individuals.

Arielle Adda, a specialist in the psychology of gifted individuals, has written a subtly yet profoundly enlightening book on the difficulties such people have had in finding love and enjoying lasting relationships. Using examples from real-life love lives, she shows how greater insight into one's own self can help in making better romantic choices and finding the right partner.
