Disabled from birth, Vlad and his new friends, all movie buffs, enter a short film contest in this story about life, love, and overcoming challenges.

Friends, a short film contest, a trip to New York, a seaside vacation... Told from alternating points of view, this trilogy is simply bursting with poetry and humor as it addresses themes of difference and disability with a light, nimble touch. At heart, it remains above all a beautiful story of love, life, and adolescence.
