Be done with clichés about charming princes and sequin-spangled princesses!

Stereotypes about what a perfect couple should look like die hard, as evidenced on social networks by the hashtag #perfectcouple. But in real life, there are no filters: you mess up, fight, make up, get better, and love harder. Deep in our relationships are such diverse issues as sexual orientation, the patriarchy, education and background, sexuality, tolerance, self-love... In her latest comic, Juliette Mercier smashes oppressive clichés to smithereens in an attempt to make peace with our own ways of showing love. Features inspiring portraits of several characters 100% inspired by real life!
