

The Brain

Author: Xavier Deneux (Text/illustrations)

Publisher : Milan

Category : Children's Books

Genres : Non-Fiction Children's Books

Keywords : Anatomy - Human body - Brain - Early reader - Waste

What's going on inside my head?

This book, intended for ages 3 and up, provides children with good starting places for better understanding the brain, using simple words to explain what the brain is, what it's made of, how it works and serves as a control center for the rest of the body, like the conductor of an orchestra.
