This novel set in an elementary school takes a light, humorous approach to gender stereotypes and the need to share the playground.

Imany is a fifth-grader with quite a temper. Her thing? Breakdancing. But the problem is, at school Alessio and his gang take up the entire playground for soccer, and won't even let the girls join their teams. Fed up, Imany and her two best friends, Nell and Aslan, decides to take matters into her own hands. Look out—the revolution is underway!

A dynamic novel from four different narrators that tackles current issues from the perspective of children.
