This book invokes the memory of the Popular Front and its landmark successes of the 1930s to remind us that change is possible.

After *Paresse pour tous* (*Let Them Be Lazy!*, 20,000 readers), Hadrien Klent's new utopia!

What if we all only worked three hours a day? That's what the French have been doing ever since economiste Émilien Long won the presidential election and dared to enshrine the right to do nothing as law. But in an society emancipated from the necessity of work, aggressive lobbies and political opponents are doing all they can to bring down the new system. Can President Long upend our society's ingrained priorities?
