What child doesn't dream of becoming a pilot, a singer, a fireman, a hairstylist, a journalist, a veterinarian, a football player, a policeman, a horse breeder, or a baker? But do children know what a sommelier, a lock keeper, a lawyer, or a beekeeper do? Each job is stylishly depicting in a full-page illustration, swarming with detail. Throughout the book, children can have fun looking for a little black cat hidden in each scene. By the way, does being President count as a job?
