Three friends, three contemporary and inclusive love stories.

Three high school friends live out their first romances... or lack thereof. Emma just isn't interested in sex, but it's hard to get her group of friends to admit it. Amélie is in love with Nathan until she realizes he's driving down her self-esteem and cutting her off from her friends. Rose and Elie are very much in love with each other, but not necessarily ready to commit and become a couple.
