A moving autobiographical portrayal of psychosis and mental illness as depicted in the experiences and writings of writer-poet Jacques Mathis.

Jacques Mathis tells his own story—of a megalomaniacal man stuck in a body too small for his ideas. His childhood, spent in a dreary little town in Lorraine, came to a brutal end at the age of fourteen after he suffered his first psychotic break. Since that day, Mathis has had to find some way to carve out as much of a normal life as possible between repeat trips to psychiatric wards.

In *Psychotic*, Jacques Mathis gives us a candid, inspirational account of his daily life, beginning with the day his disorder was first discovered and covering his many stays in psychiatric hospitals, his sessions with various doctors, his setbacks, and his triumphs.
