So you want to get into wickerwork? Let 8-year-old Norah be your guide in this adventure through 67 projects with step-by-step instructions and photos!

First, she'll introduce you to the various techniques. Then, you can pick from all sorts of natural or recycled materials to be found easily at home: willow, rushes, yarn, string, paper... Then let Norah explain everything about preparing and weaving wicker! On the agenda: wreaths, sailboats, birdhouses... and even actual baskets like the grownups make!

A book perfectly suited to children as Norah is guided by her mother, wickerwork expert Karelle Couturier.
