Keys and reference points for understanding current events.

A collection directed by Pascal Boniface.

Do economies have borders? Who regulates the world's economy? Is economic growth essential? Can we reconcile the market and democracy? Such questions pop up time and again in the news. From clichés to facts, this book provides definitions, analyzes issues, and offers points of reference to help readers gain a clearer understanding. Undisputed expert Pascal Boniface has prepared 40 well-researched factsheets for a better grasp of what is at stake in a global world and what challenges it faces. Illustrations include maps, charts, and infographics.
