---

A book for understanding the dynamics, rivalries, and conflicts at work on the planet.

A reference work for understanding the dynamics, rivalries, and conflicts at work in our world.

- More than 235 entries, definitions, and articles, for learning the vocabulary, themes, and concepts of geopolitics

- 100 color maps, targeted bibliographies, foci on current issues

- A multidisciplinary team of authors: geopoliticians, historians, geographers, political scientists, and economists

- A practical, easy-to-access tool for higher education students (preparatory classes, university, management schools, etc.) and high school students specializing in geopolitics.
