The story of an astrophysicist who learns to rediscover the stars and the world.

Daniel, an astrophysicist close to burnout, heads into the Atacama Desert to access ALMA, the world's largest astronomical observatory. He is about to make a breakthrough discovery on the birth of galaxies, but he must compete with other astronomers. Taken in by Carlos, an Indian of the Atacameño people, Daniel will have to learn to slow down, reconnect with nature and silence to advance his scientific and personal path.
