

It's Growing

Authors: Léa Schneider (Text) - Anne Crausaz (Illustrations)

Publisher : Accès Éditions

Category : Children's Books

Genres : Early Chapter Books - Picture Books

Keywords : Seed - Nature - Poetry

A book that poetically explores the different ways in which seeds are dispersed.

In autumn, seeds are dispersed. Some are blown away by the wind, while others are carried away by raindrops or even by animals such as ants, squirrels, or deer. What will happen to them when spring comes? Halfway between an interactive book and a documentary, this album highlights the role of each individual in the dispersal of seeds, laying the foundations for the notion of ecosystems.
