"Imagine two parallel worlds, one seven years ahead of the other."

Imagine two parallel worlds, one seven years ahead of the other. On this side, deep in a garden in the countryside, stands a wishing well. Anyone can come and leave a letter there to express their hopes or regrets, aspiring to different lives for their alternate selves. On the other side, these wishes are received by the Weavers: professionals who will discreetly influence the choices of those other selves and steer them toward the proper path. Ethel, Guardian of the Wishing Well, always dreamed of being a Weaver, but lately she has come to terms with the monotony of her daily life.
