Einstein: A Childhood Apart

Author: Brigitte Kernel

Publisher : Flammarion Jeunesse

Category : Children's Books

Genres : Children's Chapter Books

Keywords : Albert Einstein - Childhood - History

A dunce, a dreamer, and just plain different—Einstein was a misunderstood child who grew up to be a genius.

Albert Einstein was a funny kid. When he was almost 10, he still couldn't pronounce words properly, and his classmates were always making fun of him. Yet Albert knew that he wasn't stupid: he knows how to do complicated calculations and asks lots of questions about the universe! But how can he speak without stuttering, so that he can free his thoughts and prove his intelligence to the world? With help from his dog Chicken and his family, Albert will learn how to open up to others and finally show his incredible intelligence.
