With delicate yet bold artwork (and a little nod to *The Three Robbers*), this modern tale is a must for all adventurous children and protective parents!

In a faraway kingdom lives a little prince... who is so tiny and fragile that his Queen Mothers protect him from absolutely everything! His dull life is upended when three lady-bandits kidnap him and introduce him to life in the great outdoors. But his adventure takes a sharp turn when he falls and shatters into a thousand pieces. Luckily, the lady-bandits manage to repair him using the ancestral art of kintsugi, thus transforming the broken little prince into a precious, one-of-a-kind being...
