Avec ses illustrations délicates mais audacieuses (et un petit clin d'œil aux Trois Brigands), ce conte moderne est un incontournable pour tous les enfants aventureux et les parents protecteurs...

In a faraway kingdom lives a little prince... who is so tiny and fragile that his Queen Mothers protect him from absolutely everything! His dull life is upended when three lady-bandits kidnap him and introduce him to life in the great outdoors. But his adventure takes a sharp turn when he falls and shatters into a thousand pieces. Luckily, the lady-bandits manage to repair him using the ancestral art of kintsugi, thus transforming the broken little prince into a precious, one-of-a-kind being...
