Sacha and Basile are going on their very first camping and canoeing holiday!

It's adventure time! Pitching a tent, walking barefoot, listening to the silence, eating with their hands, weeing in the water, sleeping under the stars... Life is good! But Sacha doesn't mention some things to her mum on the phone, like when the canoe flipped over, the arguments, the big storm, or the wolves prowling at night (although Basile says they were frogs). A book about making memories and lasting bonds, that will inspire you to explore nature, jump into a lake, and take a family holiday.
