A look into the mind of the girl who loved partying too much to live real life.

On Friday, Victoire's heart starts thumping as soon as she wakes up, beats at a breakneck pace at work, and finally explodes when it's time to meet her friends in the best techno club in Berlin. It's time for two days of dancing and getting high. Coke, MDMA, ketamine: she never says no. Because drugs are the gateway to a forbidden world, thinking only of the present, refusing norms, believing yourself indestructible. An endless cycle for Victoire, until she gets some surprising news: she's pregnant. Reality strikes down youth's illusions, which seem to vanish before her eyes.
