A delightful new gem from Émilie Chazerand and Marie Leghima: children everywhere, peace nowhere to be found. Bernadette is feeling blue...

Poor Bernadette Croupion! Being allergic to children means no more peace and quiet! No more swimming pool, movie theater, park, or even her favorite restaurant! For at any moment, a toddler could come running in. And the more remedies Bernadette tries (traditional medicine, acupuncture, hypnosis, shaman, marabout...), the worse the symptoms get. Determined, she flees to the mountains. But one fine August morning, around 30 little scouts show up! Where to now? Outerspace? Why, yes! And she's found peace there at last! The adventures of Bernadette: THE cure for pessimism.
